Choose your price

Every school gets every feature. The price depends only on the number of learners. All set-up prices are one-off, and every school gets its branding, a private database, training and one term of free support after go-live.

UP TO 400 learners	401 TO 600 learners	601 TO 800 learners	801 TO 1,000 learners	1,001 TO 1,500 learners
KES 20,000	**KES 28,000**	**KES 36,000**	**KES 44,000**	**KES 60,000**
10 working days Care KES 1,500/month	15 working days Care KES 3,000/month	15 working days Care KES 3,000/month	20 working days Care KES 5,000/month	20 working days Care KES 5,000/month

Above 1,500 learners: KES 60,000 plus KES 30 for each extra learner. Delivery is counted from receipt of the deposit and the school's details and data.

Included for every school

✓ School branding: logo, colours, motto, paybill and account format	✓ Director dashboard and charts
✓ Learner register	✓ Transport zones and meal billing
✓ Fee ledger, term statements and printed receipts	✓ Accounts, journal and balance sheet
✓ Search across all records	✓ Store: stationery and kitchen controls
✓ Edit and reprint processed payments	✓ Staff and HR records
✓ Attendance	✓ Budgets and term projection
✓ Expenses and expense analysis	✓ Unlimited staff and teacher logins
✓ Exam results and report sheets	✓ A private database for your school

Service	What every school gets
Excel data import	Learner list and fee balances (more history: extra data migration add-on)
Training	2 sessions, remote or on site by arrangement
Free support after go-live	1 term

Your learner count decides the price band. If your roll grows past a band, the next band applies from the next term. Staff and teacher logins are never counted or capped.

Switch off what you do not need

Each module is a share of your band price, so the saving grows with the size of the school. The learner register, fee ledger, statements, receipts, search, edit and reprint and your branding are the core and cannot be removed.

Saving in KES, by learner band

Module you can drop	Share	Up–400	401–600	601–800	801–1,000	1,001–1,500
Accounts, journal and balance sheet	15%	3,000	4,200	5,400	6,600	9,000
Exam results and report sheets	12%	2,400	3,360	4,320	5,280	7,200
Store: stationery and kitchen controls	10%	2,000	2,800	3,600	4,400	6,000
Staff and HR records	8%	1,600	2,240	2,880	3,520	4,800
Transport zones and meal billing	8%	1,600	2,240	2,880	3,520	4,800
Budgets and term projection	7%	1,400	1,960	2,520	3,080	4,200
Director dashboard and charts	5%	1,000	1,400	1,800	2,200	3,000
Expenses and expense analysis	5%	1,000	1,400	1,800	2,200	3,000
Attendance	5%	1,000	1,400	1,800	2,200	3,000
Core (cannot be removed)	**25%**	**5,000**	**7,000**	**9,000**	**11,000**	**15,000**
Full price (all modules)	**100%**	**20,000**	**28,000**	**36,000**	**44,000**	**60,000**

The lowest price at any size is the core, 25% of the band price. Some modules use each other's information (for example the dashboard shows expenses), so we confirm your combination before the order is signed.

Worked examples

A 400-learner school drops Accounts, Store and Staff and HR	20,000 – 3,000 – 2,000 – 1,600 = KES 13,400
A 700-learner school (band price 36,000) drops Accounts (15%) and Budgets (7%)	36,000 × 78% = KES 28,080
A 900-learner school (band price 44,000) drops Transport and meals (8%) only	44,000 × 92% = KES 40,480

All-in-one director setup

For a school where the director personally runs fees, the store, accounts and director duties, we set up one login with all screens combined, instead of separate accountant and storekeeper roles. You get one training session, and 5% off the price after any modules you dropped (for example 20,000 becomes KES 19,000 at 400 learners with every module).

We advise keeping a second person with view or approval access. One person entering fees, store movements and accounts with no second check is a risk for errors and fraud. The director discount and the pay-in-full discount are not added together: the school takes one 5% discount.

Payment plan: pay for what you have seen

Three stages. The balance is due only after go-live and your acceptance.

Stage	When it is due	Share
1. Deposit	On signing the order form. Work starts when it is received.	30%
2. Milestone	When the school has seen the system working with its own learners and fees (the demo with real data).	30%
3. Balance	After go-live and training, once the school accepts the system or after 7 days of use, whichever comes first.	40%

What you pay at each stage (every module included)

Learners	Deposit 30%	Milestone 30%	Balance 40%	Total	Pay in full (5% off)	Balance in 2 parts
Up to 400	6,000	6,000	8,000	**20,000**	19,000	–
401 to 600	8,400	8,400	11,200	**28,000**	26,600	2 × 5,600
601 to 800	10,800	10,800	14,400	**36,000**	34,200	2 × 7,200
801 to 1,000	13,200	13,200	17,600	**44,000**	41,800	2 × 8,800
1,001 to 1,500	18,000	18,000	24,000	**60,000**	57,000	2 × 12,000

If you drop modules, take the same 30 / 30 / 40 shares of your lower total. Amounts in KES.

Flexible options

- **Instalment balance:** schools above 400 learners may pay the final balance in two equal parts within 60 days of go-live (shown in the last column above).
- **Term-aligned payment:** time the milestone and balance to when fees come in at the start of term, agreed in writing before work starts.
- **Pay in full up front:** a school that pays the full amount at signing receives a 5% discount.

Optional monthly care plan

First term after go-live is free; billed after each month of service. No plan? The system still works and support can be bought as needed. Care plans follow your learner count, not the modules you chose.

Plan	Learners	Per month	Covers
Care	Up to 400	KES 1,500	Hosting, backups, fixes, phone and WhatsApp support in office hours
Care plus	401 to 800	KES 3,000	The same, plus term set-up and report-sheet changes
Care premium	801 and above	KES 5,000	The same, plus priority response and a termly check-up visit

Add-ons (quoted per school)

Add-on	Price
Extra data migration beyond the package	KES 3,000 per 100 learners
Automatic M-Pesa matching (Safaricom Daraja)	from KES 25,000
SMS reminders to parents	KES 5,000 set-up, plus SMS credit at cost
Custom web address	KES 3,500, plus the domain registrar's cost
Sibling discount or payment-in-kind module	KES 5,000 each
Extra on-site training day	KES 5,000

1. Learners

Number of learners: _____ Price band:

☐ Up to 400 ☐ 401 to 600 ☐ 601 to 800 ☐ 801 to 1,000 ☐ 1,001 to 1,500

☐ Above 1,500 (KES 60,000 + KES 30 for each extra learner)

2. Modules (leave a box unticked to switch the module off)

☐ Accounts, journal and balance sheet (15%)
☐ Exam results and report sheets (12%)
☐ Store: stationery and kitchen controls (10%)
☐ Staff and HR records (8%)
☐ Transport zones and meal billing (8%)
☐ Budgets and term projection (7%)
☐ Director dashboard and charts (5%)
☐ Expenses and expense analysis (5%)
☐ Attendance (5%)

Core (learner register, fee ledger, statements and receipts, search, edit and reprint, branding) is always included.

☐ All-in-one director setup (one login, 5% off the net price)

3. Payment option

☐ Deposit, milestone and balance (30 / 30 / 40)
☐ Pay in full at signing (5% off)
☐ Balance in two equal parts within 60 days of go-live (above 400 learners)
☐ Term-aligned dates (agreed in writing)

4. Care plan and add-ons

☐ No care plan ☐ Care KES 1,500/month (up to 400) ☐ Care plus KES 3,000/month (401 to 800)

☐ Care premium KES 5,000/month (801 and above)

☐ Extra data migration ☐ Automatic M-Pesa matching ☐ SMS reminders

☐ Custom web address ☐ Sibling discount / payment in kind ☐ Extra on-site training day

Key terms in plain words

- **Your data:** the school owns it and can export all records at any time. If you end the relationship, TechGPT provides a full export within 14 days.
- **Deposit:** non-refundable once work has started, except where TechGPT fails to deliver the milestone demo.
- **Software:** TechGPT keeps ownership of MyShulePro; the school receives the right to use it for its own operations.
- **Changes in scope:** extra features or classes are quoted in writing before work begins.
- **Credentials:** default passwords are changed at go-live; the school keeps its logins private.

This is a plain-language summary. The final contract should be reviewed by a lawyer.

Signed for the school _____ **Signed for TechGPT** _____
